## Full Description

**HANGCHA** is a well-established material handling equipment manufacturer founded in **1956**. Over the years, the company has built a strong global reputation for producing a wide range of forklifts and warehouse equipment, with a focus on reliability, productivity, and continuous product development.

The **HANGCHA electric forklift** offered here is a practical solution for modern material handling operations, especially where clean, efficient, and low-noise performance is preferred. As an electric truck, it is well suited for indoor use and operational environments that require reduced emissions and smoother maneuverability.

This container-type forklift is designed to support everyday loading, unloading, and internal handling tasks in demanding industrial and logistics applications. It combines operator comfort, ease of control, and dependable performance, making it a suitable choice for warehouses, distribution centers, container operations, and other professional handling environments.

## Technical Specifications

### HANGCHA 2.5 Ton Electric Forklift

Specification	Value
Model	CPD25-XEY2HA-SI
Load Capacity	2500 kg
Load Center	500 mm
Battery	Lithium Battery 80V-304Ah
Charger	Three-Phase 380V/60Hz 3-5 lines
Operation	Works inside Container
Type of Mast	Triplex
Lifting Height	4700 mm
Fork Length	1220 mm
Tire Type	Non marking Solid Tires
Lighting	Full LED Lighting
Closed Mast Height	2269 mm
Max Capacity	2500 kg up to 4.0 m
Residual Capacity	2150 kg at 4.7 m top height
Attachment	Cascade Side Shifter
