Full Description

HANGCHA is a well-established equipment manufacturer founded in **1956**, known for producing a wide range of reliable industrial equipment for material handling and access applications. The company has built a strong global presence by focusing on product quality, operational efficiency, and practical solutions for professional users across multiple industries.

The **diesel scissor lift** is designed for elevated access work where strength, platform space, and dependable outdoor performance are important. It is a practical solution for construction, installation, maintenance, and industrial support tasks that require stable vertical lifting and efficient access to higher working areas.

This HANGCHA model is suited for demanding site conditions and daily professional use, combining robust design, operator control, and functional safety features to support productivity on job sites, industrial facilities, and large-scale maintenance projects.

Technical Specifications

HANGCHA 18 m Working Height Diesel Scissor Lift

Specification	Value
Model	HS1823RP
Working Height	18.0 m
Platform Height	16.0 m
Engine Power Rating	35.5 kW / 2600 rpm
Capacity	680 kg
Overall Length	3.94 m
Overall Width	2.28 m
Tire Type	Solid Black Tires
Overload Alarm	Included
Socket	220V Socket
High Pressure Gas Pipe	Included
Footbrake	Included
Working Lighting	2 PCS
