Full Description

HANGCHA is a well-established material handling equipment manufacturer founded in **1956**. Over the years, the company has built a strong international reputation for producing forklifts and warehouse equipment that combine reliability, practicality, and dependable performance for professional applications.

The **HANGCHA electric forklift** offered here is designed to support modern material handling operations where clean electric operation, efficient maneuverability, and smooth control are important. As an electric truck, it is well suited for indoor work and operating environments that benefit from lower noise and reduced emissions.

This container-type forklift is a practical solution for loading, unloading, and internal material movement in logistics, warehousing, and industrial applications. It offers a compact working concept together with operator-focused features, making it a suitable choice for professional users who need reliable handling equipment for restricted or container-based operations.

Technical Specifications

HANGCHA CPDS20-AC8GG-I Electric Forklift

Specification	Value
Model	CPDS20-AC8GG-I
Load Capacity	2000 kg
Load Center	500 mm
Battery	Lithium Battery 48V-460Ah
Operation	Works inside Container
Type of Mast	Triplex - closed height: 2175 mm
Lifting Height	4700 mm
Fork Length	1220 mm
Max Capacity	2000 kg up to 4.0 m
Features	Full LED Lighting
Residual Capacity	1600 kg @ 4.7 m top height
Motor	Schabmüller - Germany
Transmission	ZF - Germany
Attachment	Cascade Side shifter
Standard Spec	Operator presence system - CE
Standard Spec	Suspension seat with switch and armrest
Standard Spec	Sequential Seat
Standard Spec	LED head lights
Standard Spec	Dual rear view mirror
Standard Spec	Tools set
Standard Spec	Load backrest
Standard Spec	Emergency power-off switch
Standard Spec	Soft landing
Standard Spec	Smart color-screen instrument - speed mode selection
Standard Spec	Central rear view mirror
