Full Description

Manufactured by Terex Corporation, the Genie AWP-30S is a compact aerial work platform designed for efficient access in confined spaces. This model offers a practical solution for tasks that require working at height while maintaining easy maneuverability through standard doorways and tight areas.

The AWP-30S is well-suited for maintenance, installation, and inspection tasks in commercial and industrial environments. Its lightweight design and integrated features such as forklift pockets and tie-down points simplify transport and positioning on site. The platform includes a sliding mid-rail and tool tray to support productivity, while the rocker base system enhances maneuverability during setup.

Operators benefit from features like LED setup confirmation lights, auxiliary platform lowering, and a ground fault interrupt for added safety. The unit is available with AC or DC power options, and complies with ANSI A92.20 and CSA B354.6 standards.

Technical Specifications

Genie AWP-30S Aerial Work Platform

Specification	Value
Manufacturer	Terex Corporation
Country of Origin	United States
Working Height	11.0 m
Platform Height	9.00 m
Height - stowed (standard)	1.98 m
Length - stowed (standard)	1.35 m
Width	0.74 m
Platform Capacity	159 kg
Outrigger Footprint (L/W) (Standard)	1.93 / 1.73 m
Corner Access (Standard)	0.56 m
Wall Access Front/Side (Standard)	0.20 / 0.53 m
Platform Dimensions	0.69 / 0.66 / 1.14 m
Platform Dimensions	0.66 / 0.51 / 1.14 m
Weight - AC Models	352 kg
Weight - DC Models	393 kg
Occupied floor pressure	1.65 kPa
Power Source	110V/50-60 Hz, 220V/50-60 Hz
Power Source	12V DC
Sound pressure level (ground workstation)	< 70 dBA
Sound Pressure Level (Platform Workstation)	< 70 dBA
Vibrations	< 2.5 m/s ²
Model	AWP-30S
Standards compliance	ANSI 92.20, CSA 354.6
Power Source	AC Power, DC Power
Power Source	Standard
Battery	Standard
Battery Charger	Standard
Standard Features	Standard
Tool trays in basket	Standard
Forklift Pocket	Standard
