Full Description

Manufactured by Genie, a brand of Terex Corporation, the AWP-40S is a compact aerial work platform designed for efficient access in confined spaces. This electric boom lift is ideal for maintenance, installation, and finishing tasks in commercial and industrial environments.

The AWP-40S features a tilt-back frame for easy transport and a lightweight design that allows it to roll through standard doorways. It is equipped with a sliding mid-rail or gated platform, auxiliary platform lowering, and a crane attachment point for versatile handling. Standard outriggers and tie-down points ensure stability during operation.

Typical applications include electrical work, HVAC maintenance, painting, and general facility upkeep where a quiet, emission-free lift is required.

Technical Specifications

Genie AWP-40S Aerial Work Platform

Specification	Value
Manufacturer	Terex Corporation
Country of Origin	United States
Working Height	14.30 m
Platform Height	12.30 m
Height - Stowed (Standard)	2.78 m
Height tilted back (standard)	1.98 m
Length - stowed (standard)	1.42 m
Length - tilted back	2.97 m
Overall Width	0.74 m
Platform Capacity	136 kg
Outrigger Footprint (L/W) (Standard)	2.26 / 2.06 m
Corner Access (Standard)	0.79 m
Wall Access Front/Side (Standard)	0.38 / 0.71 m
Platform Dimensions	0.69 / 0.66 / 1.14 m
Platform Dimensions	0.66 / 0.51 / 1.14 m
Weight - AC Models	472 kg
Weight - DC Models	513 kg
Occupied floor pressure	1.37 kPa
Power Source	110V/50-60 Hz, 220V/50-60 Hz
Power Source	12V DC
Sound pressure level (ground workstation)	< 70 dBA
Sound Pressure Level (Platform Workstation)	< 70 dBA
Vibrations	< 2.5 m/s²
Model	AWP-40S
Power Type	AC Power with Tilt-back frame
DC Power Option	DC Power with Tilt-back frame
Power Source	Standard
Power Source	Build to Order
Battery	Standard
Battery Charger	Standard
