JCB S1932E Electric Scissor Lift

The **JCB S1932E** is a compact electric scissor lift engineered for efficient and safe work at height. Manufactured by **JCB**, this model combines a narrow footprint with zero-emission electric operation, making it suitable for both indoor and outdoor applications where clean, quiet performance is required.

Typical Applications

This scissor lift is well-suited for a variety of elevated tasks in construction, maintenance, and industrial settings.

- Indoor maintenance and installation work
- Warehouse and logistics operations
- Facility management and building services
- Retail and commercial fit-outs

Key Operational Features

The S1932E is designed with operator convenience and productivity in mind, featuring non-marking tires and a compact turning radius for maneuverability in tight spaces.

- Zero-emission electric drive for indoor use
- Non-marking tires protect finished floors
- Compact dimensions for narrow aisles and doorways
