Full Description

The **LGMG S1212EII** is a robust and efficient electric scissor lift engineered to meet the needs of modern aerial work applications. It delivers a **maximum platform height of 12 meters** and a **working height of 14 meters**, making it ideal for high-reach indoor and outdoor tasks.

This model offers a **platform capacity of 320 kg** and an additional **120 kg on the extension deck**, allowing multiple workers and tools to operate safely and efficiently. The extension deck enhances access to hard-to-reach areas, while the **compact overall width of 1.18 meters** ensures excellent maneuverability in tight spaces.

Powered by a reliable **24V 300Ah maintenance-free battery**, the S1212EII ensures long working hours with minimal downtime. It features **solid non-marking tires** and front-wheel braking for superior traction and safety.

The machine supports **full-height drive**, allowing it to move while elevated, and comes equipped with smart safety systems including tilt alarm, descent alarm with flashing beacon, pothole protection, and an intelligent diagnostic system.

Built with universal key components and a swing-out component tray, the S1212EII simplifies maintenance and reduces service time, making it a dependable choice for rental fleets and professional contractors.

Technical Specifications

Rental Electric Scissor Lift LGMG Model: S1212E

Specification	Value
Platform Height - Raised	12 m
Working Height	14 m
Overall Length	2.49 m
Overall Width	1.18 m
Overall Height - Guardrails Up	2.63 m
Overall Height - Guardrails Down	1.8 m
Extension Deck	0.9 m
Ground Clearance (Stowed / Raised)	100/20 mm
Platform Capacity	320 kg
Platform Capacity - Extension Deck	120 kg
Drive Height	Full Height
Gradeability - Stowed	25%
Turning Radius (Min.)	2.26 m
Raise / Lower Speed	65 s / 60 s
Power Source	24V 300Ah
Tire Size	380x130 mm
Machine Weight	2970 kg
Hydraulic Oil Capacity	23 L
