## Full Description

HANGCHA Group, established in 1956, is one of the leading global manufacturers of industrial trucks and is ranked among the top forklift producers worldwide. The company is recognized for its advanced engineering, dependable product quality, and continuous innovation in electric material handling solutions.

The HANGCHA CPD30-XEY2H-SI is a 3.0-ton electric forklift designed for efficient, clean, and reliable material handling operations. With its modern electric drive system and container-friendly design, it is well suited for indoor and semi-enclosed working environments where productivity, maneuverability, and low emissions are important.

This forklift is commonly used in warehouses, logistics centers, factories, distribution facilities, and container handling operations. It is suitable for loading, unloading, transporting, and stacking palletized goods with smooth performance and operator comfort. Its design makes it a practical solution for businesses looking for efficient performance, reduced operating costs, and dependable day-to-day material handling capability.

## Technical Specifications

### HANGCHA 3.0 Ton Electric Forklift CPD30-XEY2H-SI

Specification	Value
Manufacturer	HANGCHA GROUP CO., LTD
Equipment Type	Electric Forklift - Container Type
Model	CPD30-XEY2HA-SI
Load Capacity	3000 kg
Load Center	500 mm
Battery	Lithium Battery 80V-304Ah
Charger	Three-Phase 380V/60Hz, 3-5 lines
Operation	Works inside Container
Mast Type	Triplex
Lifting Height	4700 mm
Fork Length	1220 mm
Tire Type	Solid Tires
Lighting	Full LED Lighting
Closed Mast Height	2269 mm
Max Capacity	3000 kg up to 4.0 m
Residual Capacity	2700 kg at 4.7 m top height
Attachment	Cascade Side Shifter
Standard Features	Operator presence system-CE / Suspension seat with switch and armrest and sequential seat / LED head lights / Dual rear view mirror / Tools set / Load backrest / Potentiometer for lift / Emergency power-off switch / Soft landing / Smart color-screen instr
